

HEADING FOR A FALL - Vaya Con Dios

A Ab G / G Ab A (2 Fois)

A G
A turn of the key And the door is pushed open, now
A G
He walks into the room But doesn't take off his coat
A G
Kisses me softly Without saying a word, now
A G
There's that look in his eyes That makes me feel the cold
C G
When I try to find out 'Bout what's troubling his mind
C G
He turns away and sighs And says give me some time
C G
Maybe things would get better If I learned to be patient
C D
What I wanted was love Not an imitation

And I know it

G
We're heading for a fall.
F G
We're heading for a fall
F G
We're heading for a fall
F G
We're heading for a fall

G F
We lie between sheets And he stares at the ceiling, now
G F
Me, I'm trying to sleep But I'm trembling inside
G F
If she's haunting his dreams Then why don't he say it now?
G F
Why stay if it's her that he wants in the end?
Bb F
If he tried to explain I'd try to understand
Bb F
Maybe I'd feel the same I'm not sure of myself
Bb F
We surrendered so soon In the arms of temptation, now
Bb C
What I wanted was love Not an imitation

And I know it

F
We're heading for a fall.
D# F
